

(5) A description of the type of aircraft including any special equipment, used for each phase of instruction.

(6) The minimum qualifications and ratings for each instructor used for ground or flight training.

(b) *Training syllabus.* In addition to the items specified in paragraph (a) of this section, the course outline must include a training syllabus for each course of training that includes at least the following information:

(1) The pilot certificate and ratings, if any; the medical certificate, if necessary; and the training, pilot experience and knowledge, required for enrollment in the course.

(2) A description of each lesson, including its objectives and standards and the measurable unit of student accomplishment or learning to be derived from the lesson or course.

(3) The stage of training (including the standards therefor) normally accomplished within each training period of not more than 90 days.

(4) A description of the tests and checks used to measure a student's accomplishment for each stage of training.

§ 141.57 Special curricula.

An applicant for a pilot school or provisional pilot school certificate may apply for approval to conduct a special course of pilot training for which a curriculum is not prescribed in the appendixes to this part, if it shows that the special course of pilot training contains features which can be expected to achieve a level of pilot competency equivalent to that achieved by the curriculum prescribed in the appendixes to this part or the requirements of part 61 of this chapter.

Subpart D—Examining Authority

§ 141.61 Applicability.

This subpart prescribes the requirements for the issuance of an examining authority to the holder of a pilot school certificate and the privileges and limitations of that authority.

§ 141.63 Application and qualification.

(a) Application for an examining authority is made on a form and in a

manner prescribed by the Administrator.

(b) To be eligible for an examining authority an applicant must hold a pilot school certificate. In addition, the applicant must show that—

(1) It has actively conducted a certificated pilot school for at least 24 months before the date of application; and

(2) Within the 24 months before the date of application for the examining authority, at least 10 students were graduated from the course for which the authority is requested, and at least 9 of the most recent 10 graduates of that course, who were given an interim or final test by an FAA inspector or a designated pilot examiner, passed that test the first time.

§ 141.65 Privileges.

The holder of an examining authority may recommend graduates of the school's approved certification courses for pilot certificates and ratings except flight instructor certificates, airline transport pilot certificates and ratings, and turbojet type ratings, without taking the FAA flight or written test, or both, in accordance with the provisions of this subpart.

§ 141.67 Limitations and reports.

(a) The holder of an examining authority may not recommend any person for the issuance of a pilot certificate or rating without taking the FAA written or flight test unless that person has—

(1) Been enrolled by the holder of the examining authority in its approved course of training for the particular pilot certificate or rating recommended; and

(2) Satisfactorily completed all of that course of training at its school.

(b) Each final written or flight test given by the holder of an examining authority to a person who has completed the approved course of training must be at least equal in scope, depth, and difficulty to the comparable written or flight test prescribed by the Administrator under part 61 of this chapter.

(c) A final ground school written test may not be given by the holder of an
